

CYCLE CIRCLES

Some major cycles are going on all the time in the ecosystem—affecting the lives of living things. You may not be aware of them, but they just keep going on anyway. The three circles illustrate three major life cycles:

NITROGEN CYCLE

CARBON DIOXIDE–OXYGEN CYCLE

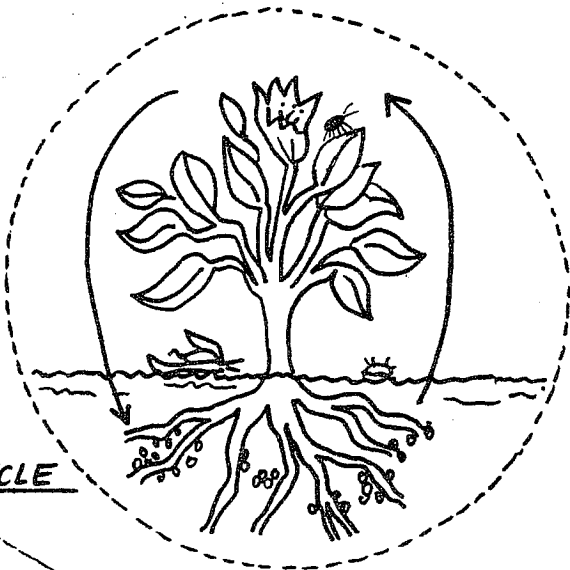

WATER CYCLE

- I. Label each circle with the name of the cycle.
- II. Label each arrow within each circle.
- III. Beneath each circle, write an explanation of the cycle.

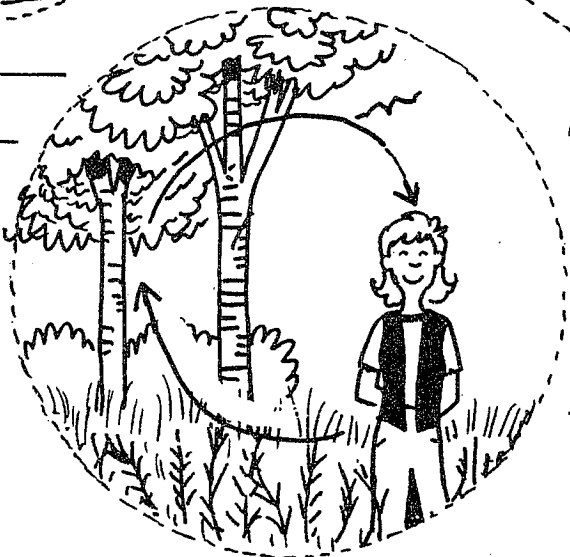

A. _____ CYCLE

B. _____ CYCLE

A. _____

B. _____

C. _____

Name _____
