

# FOLDS & FAULTS & QUAKES

Are you puzzled by the folds and cracks and quivers and shakes of Earth's surface? Well, you don't have to be for long. Get out your science book or an encyclopedia and brush up on the features and terms related to faults, folds, and earthquakes. Then take a hard look at this puzzle. You'll notice that the puzzle is already done for you! Oh, but something is missing—the clues to the puzzle. It's your job to create them. Use the spaces provided at the bottom.
