

Media Release Form

Dear Parent/Guardian(s),

This year our class will be participating in many fun-filled activities, projects and engaging learning experiences. I am writing to advise you that your child and our class in general may be photographed throughout the school year during many of these activities.

I am asking for your consent to photograph your child at any time during the school year while they are engaged in these activities.

Your child's picture(s) may be used for the school's yearbook, classroom or school's website, your student's blog and/or even bulletin boards. In addition to photographing you child, the classroom and the student's work may be photographed and posted on the class website. On our classroom website, I will not post any child's full name, only his/her first name and possibly a last initial. Names will never be associated with any photos containing a picture of the child.
